

DECLARATION OF SUPPORT FOR ON-CAMPUS STADIUM

As leaders and members of the greater Fort Collins business community, we the undersigned support the construction of an on-campus stadium at Colorado State University.

The stadium is being privately financed without public funding. We believe that the financial strength of Colorado State is core to the well-being of our community and that investments in CSU by the community benefit our community. We believe the Fort Collins' economy and our community will benefit directly from the construction of the stadium by enabling growth at CSU and the financial stabilization of the University. Our local economy will benefit from the national exposure Fort Collins will receive through excellence in athletics.

Done properly and scaled appropriately, athletics play an integral role in the life of a university, its students, alumni and community. Quality athletics played at a quality on-campus stadium will be a true asset to our community.

For all of these reasons, we support the construction of an on-campus stadium.
